PARLEZ-EN :

0

Plusieurs municipalités participent à la Journée compte-gouttes. À Granby par exemple, un kiosque d'information est aménagé dans le stationnement de Vélo-Gare. On remet aux visiteurs un appareil économiseur d'eau potable pour la douche. Chacun est invité à poser un geste pour économiser l'eau à l'occasion de cette 5<sup>e</sup> Journée compte-goutte. L'an dernier les Québécois ont économisé près de 800 000 litre d'eau potable en posant de petits gestes discrets.
